Section 1: General Information

This Hospitality Suites Guide was created specifically for exhibitors at the Venetian/Palazzo. If you are an exhibitor in the Venetian Expo, Venetian exhibit suites or any other CES venue, please refer to the [exhibitor manuals](#) created for each venue.

This guide was designed to make it easy for you to plan for the show and provide you with important rules and regulations and other information all in one place. Other CES operational questions can be sent to CESops@CTA.tech. Be sure to visit CES.tech to keep up with the latest show news and information.

On behalf of the entire CES staff, we look forward to seeing you in Las Vegas in January!

Suite Usage

Hospitality suites at The Venetian/Palazzo are to be used for meetings or hospitality purposes only. Exhibits may not be constructed or installed, and Freeman cannot deliver freight or furnishings to these suites.

Private charters may drop off at the north end of The Venetian's porte cochere. All private charters wishing to pick-up or drop off in this area must receive approval from the [hotel](#) and [CES Operations](#). This area is for loading and unloading only; vehicles cannot stage (wait) here for passengers.

Please note, all private charters and limousines are required to be licensed within the State of Nevada and have a certificate of public convenience according to Nevada statute 706.476. Uncertified vehicles will be removed from CES facility premises and are subject to impoundment by the Business and Industry Department of Transportation Services Authority.

If you have questions or would like to arrange for charter services, [contact Rhode Planning](#), our official transportation provider at 877-725-3398 or 401-294-0040.

Registration & Badges

Registrants working at a company's booth or exhibit suite must register for CES as Exhibitor Personnel. Exhibitor Personnel badges include access to the exhibit floor during move-in and show hours as well as access to keynote addresses, Great Minds sessions, and select conference programming on a first-come, first-served basis. To attend additional conference programming, individual exhibitor personnel may purchase the enhanced Deluxe Conference Pass or individual tracks to upgrade their CES experience.

Individual exhibitor personnel must work directly with the person managing registration for their company to receive an Exhibitor Personnel badge and should not register as an Industry Attendee under the Exhibits Plus Pass.

CES 2025 Exhibitor Guide: Venetian and Palazzo Hospitality Suites

Once exhibit space is secured, the Primary Contact will receive an automated email with instructions to sign into the Exhibitor Dashboard from service@mapyourshow.com. Once signed in, the Primary Contact can assign a Registration Coordinator. This person may be the same or different from the Primary Contact. If a registration coordinator is not selected the primary contact will be the default contact. The Registration Coordinator is responsible for:

- Register themselves for CES 2025.
- Control the company's badge allotment for distribution.
- Initiating registration for all exhibitor personnel to complete their own registration.
- Retrieve customized Top Ten and Customer Invitation promotion codes to invite your guests. Customer Invitation codes offer \$149 off the cost of registration.
- Order lead retrieval (badge scanners) for capturing valuable leads on-site.

Refer to the Badge Policy information below to determine your company's free or paid badge allotment. This information will also be displayed within your registration dashboard.

Exhibitor Personnel registration can only be accessed through the Exhibitor Dashboard. The Registration Coordinator must initiate the registration for each registrant. An email will be sent inviting the exhibitor personnel to complete their registration. Individual exhibitor personnel must complete their own registration. It is **critical** that the invited registrant uses the same email address that the invite was sent to in order to be recognized as part of your company's exhibit and be recognized as Exhibitor Personnel. Exhibitor personnel who do not use the same email address that was used to initiate their registration will be registered as Industry Attendees and asked to pay the Exhibits Plus Pass fee and will not have access to the CES show floor during move-in or dismantle hours on-site.

All completed registrations will receive a confirmation email. Please save the confirmation email QR code for expedited badge pick up on-site.

As a reminder, below are the registration requirements for CES 2025:

- Exhibitor personnel must provide photo identification that will be printed on their CES badge. This is a mandatory requirement.
- CES will continue to require date of birth (DOB) and gender for all who register.
- Updating the Registration Coordinator within the Exhibitor Dashboard does not automatically cancel their registration. Please use the features within registration to make additional adjustments.
- We've added tutorial videos to help you through the process, including how to tutorials, best practices and ideas for trouble shooting.

Reminder: Upon arrival in Las Vegas, all CES attendees, including exhibitor personnel, must pick up their badge BEFORE visiting a CES show venue. Badge pickup will not be available on-site at CES venues. Badge pickup is available at Harry J. Reid International Airport baggage claim locations and [several other hotels](#) around the city. All badge pick up locations will be available in the fall.

For registration questions or assistance, please contact exhreg@CTA.tech.

Exhibit Space Contract

CES exhibitors must abide by the rules set forth in the [CES Exhibit Space Contract](#).

Firearms & Weapons

Firearms, ammunition or weapons of any kind, including replica, toy or simulated items, are strictly prohibited. Contact [CES Operations](#) with questions.

Good Neighbor Policy

CES has a Good Neighbor Policy in suites and other exhibit areas. All audio and video should be appropriate for a general audience. In the event of a complaint from any person on an exhibitor's content, CES Operations will investigate and determine if the content is offensive or inappropriate. If content is determined to be offensive, the exhibitor must cease use of such content. If the exhibitor refuses, or if another complaint is filed, CES reserves the right to shut off power until the exhibitor ceases use of the content. Repeated violations of this policy can result in expulsion from CES.

When planning events and demonstrations you are required to ensure traffic flow can continue at all times. Please take your exhibiting neighbors into consideration.

Health Protocols

As the proving ground for breakthrough technologies and global innovators, the world's most powerful tech event attracts huge and diverse audiences. The show's many floors are often bustling, and event days move very quickly. The pace is invigorating, and CTA wants to make sure every attendee is taking precautions for a safe and healthy CES.

To stay healthy while you're at the show, please take note of [important safety information](#) and a few best practices as you plan your trip to CES 2025.

Height Limits for Suites

All items including but not limited to, displays, signs, decorative materials, etc. must not exceed 6 feet in height. Signs and/or banners that are parallel to and within 12 inches of a wall may go up to a maximum height of 7 feet.

Hoverboards

Wheeled transport devices (with or without motors) are not permitted at any CES venue. This includes Segways, hoverboards, skateboards, uniwheels, scooters and all similar products. Exhibitors are permitted to demo such products within the confines of their suite space.

Segways are permitted for ADA use only at the LVCC and on the Venetian Expo show floor. They are not permitted at any other venues for any purpose.

Intellectual Property

Exhibitor warrants that it owns the rights to or is licensed for all intellectual property (patent, copyright, trademark, etc.) to be used by exhibitor for promotion or exhibition at CES, and agrees to defend, at exhibitor's expense, and to indemnify CTA and/or CES for any action brought against CTA and/or CES and any cost incurred by CTA and/or CES, including court costs and reasonable attorney's fees, arising from or related to any dispute concerning exhibitor's intellectual property rights.

Literature Distribution, Giveaways, Surveys

Literature, samples and giveaways must be disbursed from within your booth or contracted area. Surveys may not be conducted outside of your exhibit space. Corporate greeter sponsorships are available. Contact [Liz Tardif](#) with CES Promotional Opportunities at 703-907-7681 for more information.

Service animals as defined by the ADA and under Nevada's disability law are permitted at CES. Any other live animals, including but not limited to, pets, emotional support animals, therapy animals and animals used for demonstration are prohibited. Show management reserves the right to exclude service animals if they pose a direct threat to the health and safety of attendees at CES (i.e. aggressive behavior, not housebroken, or handler cannot control animal).

CES 2025 Exhibitor Guide: Venetian and Palazzo Hospitality Suites

Performance of Music or Motion Picture

If you plan to play copyrighted music or video in your booth, meeting room or suite, you may need to obtain a license from the copyright owner or licensing agency representing the copyright owner. Music or video being played for the sole purpose of demonstrating a product (speakers, headphones, TVs, monitors, other devices, etc.) is permissible without a license.

Licensing is required when music or video is being played for non-dramatic entertainment purposes (live or recordings such as CDs, DVDs and BluRay device).

CES has licenses with the American Society of Composers, Authors and Publishers (ASCAP) and Broadcast Music Inc. (BMI) which permit the performance of music from the [ASCAP](#) and [BMI](#) repertoires at your booth. The licenses do not permit the broadcast, telecast or transmission of music under any circumstances; nor do they authorize dramatic performances. CES does not have a similar licenses with SESAC; therefore, exhibitors wishing to play music from the [SESAC](#) repertory for entertainment purposes are solely responsible for obtaining their own licensing.

Adherence to these federally mandated copyright licensing laws is of critical importance. Please take a few minutes to ensure a hassle-free event by obtaining the proper licenses or ensuring that your music or video falls under the covered licenses.

Photography/Video Regulations

Cameras and video equipment are permitted in suites. Exhibitors and attendees may take pictures/video within the show for purposes of company media pieces, marketing materials, etc. Under no circumstances will anyone be permitted to take pictures/video of an exhibitor's product without permission of the exhibitor. Exhibitors have the right to report to security any instance of inappropriate recording of company products or displays.

Product Demonstrations

Product demonstrations are permitted. You are responsible for supervising the actions of all visitors and employees operating display equipment in their area. Activity of any kind must be confined within the suite. You may not set up in areas outside of their contracted space including, but not limited to, lobby space, empty booth space or walkways. Please refer to the [Outboarding Policy](#) for more information.

CES has instituted a No Tolerance policy. Demonstrations found to be objectionable due to noise level or vibration level (dB or SPL) or blocking traffic flow may be closed down at the discretion of CES Operations.

Please consider the [event health protocols](#) when planning your space.

Raffles & Games of Chance

Any game of chance or raffle must be approved by the Venetian Resort Compliance Department. Nevada state law prohibits any raffle or game of chance if money is involved. Exhibitors considering a raffle, game of chance or slot machine in their booth should contact their assigned Convention Services Manager at the Venetian for more information and approval.

CES 2025 Exhibitor Guide: Venetian and Palazzo Hospitality Suites

Service of Legal Documents

Any exhibitor that plans to serve legal documents at CES must contact [CES Show Management](#) for the full policy and to coordinate service or delivery. Service or delivery of legal documents that is not coordinated with CES Show Management is prohibited on the CES exhibit floor, areas in proximity to the show floor and on the show venue premises and grounds.

Smoking

In accordance with the Nevada Clean Indoor Air Act, smoking or vaping (e-cigarettes) is prohibited in exhibit areas.

Sound Restrictions

A maximum noise level of 85 dB will be maintained on the exhibits floor, in meeting rooms and suites, a standard endorsed by the International Association of Expositions and Events (IAEE).

The CES noise abatement policy is as follows:

- All booth elements must remain within the officially contracted booth space. This includes all audio equipment, speakers, etc.
- Exhibitors demonstrating audio equipment in an open display should use a sound chamber or acoustically contained area to keep the sound level from intruding on any adjacent exhibits. Speakers of any kind must be directed toward the interior of the demonstrator's booth space. Speakers may not face aisles or neighboring exhibits.
- When demonstrating audio equipment within an enclosed demonstration room, subwoofers must be positioned away from walls that are adjacent to neighboring exhibits.
- Sonic vibration and sound complaints will be immediately addressed by CES Operations. If a vibration or sound complaint is not resolved by the offending party, CES Operations reserves the right to shut down power immediately until the issue is resolved.
- Exhibitors are responsible for supervising the actions of employees, visitors or spectators testing display equipment located in their exhibit area.

CES Operations will intervene if necessary and reserves the right to shut down exhibits deemed objectionable. Floor managers in each show location will rove through the exhibit areas monitoring the decibel level during show hours. Measurements will be taken at a distance no greater than 10' from the offending display. After measuring a continuous decibel level of greater than 85 dB, following a complaint being registered by a spectator, a neighboring exhibitor or personal observation by a roving designate, the following procedures will be strictly enforced as follows:

First Warning:

- Violating exhibitor will be given a written notification of the warning
- Booth power may be turned off for one hour

Second Warning:

- Violating exhibitor will be given a written notification of the 2nd warning
- Booth power may be turned off for one day
